## PREFACE.

---

At the request of the Local Government this work was undertaken by Rai Salig Ram Bahádur, late Postmaster-General of the North-Western Provinces, and compiled on the model of the Directory prepared in Bengal. Great care was taken by that officer to render it as complete and correct as possible; but as there must be many defects in the first edition of such a work, I shall be glad to receive corrections along with full particulars of the village regarding which any mistake or omission may be discovered.

Whenever any change is made in the service of a village, owing to creation or abolition of a Post-office, the Superintendent of Post-offices concerned will communicate the alteration to all the Post-masters in the district and to the District Officer himself.

It is hoped that with the aid of this work considerable improvement will be effected in the delivery of letters which are addressed to petty villages in the mufassil, without the addition of the name of thána or tahsíl, and that the sorting of letters for village offices will be more correctly performed.

K. J. BADSHAH, B.C.S.,

*Postmaster-General, N.-W.P.*
